Last year in the United States one million pounds of sleeping tablets were manufactured.

Each night American people swallowed 12 million doses. Each night the nervous tensions of millions of people were relaxed artificially and temporarily. No worry was banished; no fear disappeared. No problem came nearer to solution because of a pill . . . and sleep. Troubles were merely postponed.

Peace of mind and rest come, not through pills, but through power found in trusting God. Then develop that power by going to church regularly. Find there a faith that grows and gives courage. And pray, for "Whatsoever you shall ask in My name, believing, you shall receive."

Mabel Amos Has Support Of Many Voters In City Of Elba This Saturday Elba friends and sup-porters of Mrs. Mabel Am-

os, candidate for secretary of state, urge voters to support and vote for her and sponsor an ad in her behalf this week. The Evergreen Courant, published in Mrs. Amos' native county of Conecuh, had this to say about her at the time she announced in January: Conecuh County's Mrs. Mabel Amos made it official Saturday when she qualified to campaign for Secretary of State shortly

after the State Democratic Executive Committee met in Birmingham. She had earlier declared her intention of making the race. A native of Brooklyn Mrs. Amos has served under eight governors since leaving the teaching profession to work in the governor's office. She has served as recording secretary in the governor's office for over years and was termed this past year "an assistant governor" by Gov. George Wallace. One of Alabama's most widely known and best liked women Mrs. Amos is considered the leading candidate for Secretary of State, the

first elective office she has ever sought, Mrs. Amos is ever sought. Mrs. Amos is the first Conecuh Countain in many years to seek a state office subject to statewide vote. She is expected to receive virtually unanimous support in Conecuh. Mrs. Amos makes her home at Brooklyng where her ancestors were pioneer settlers and she has been a mainstay
